Huon Highway and Mountain River Road Intersection

Option A – Huon Highway pedestrian refuge crossing

Design option only - subject to further design, consultation and approvals.

Summary

- Includes areas on Huon Highway and Mountain River Road where pedestrians can stop (pedestrian refuge), when crossing both Huon Highway and Mountain River Road.
- Current bus stop locations remain on Huon Highway.
- Car pick-up and drop-off areas on both Mountain River Road and Turn Creek Road.

Pros

- Bus operations are not impacted.
- Provides car pick-up and drop-off areas on Mountain River Road and Turn Creek Road minimising the need for bus passengers to cross the highway.
- Reduced impact to private properties with agriculture businesses.
- Pedestrian refuges provided on Mountain River Road and Huon Highway allow pedestrians to cross one section at a time.
- Bus stops on Huon Highway upgraded to be more accessible.
- Minimal amount of land acquisition required with minor property impacts for landowners.

Cons

- Pedestrians will need to cross Huon Highway to access the Grove Store from southbound bus stop.
